A copy of the declaration has been addressed from Berlin to the King of Holland, who will conform to the views of his ally by not attacking Belgium in any manner, leaving to the season alone the care of preventing the blockade authorised by Prussia. We are curices to know what will be done by our new Cabinet, which intends it is said, to announce in the speech from the throne, that the affairs of Belgium are arranged.

The following is the version of this report,

THE EX-ROYAL FAMILY.

The Augsburg Gazette announces that the Dathess of Angouleme and the little Mademoiselle de Berri passed through Passau, on the 3d October, on their way to Lintz and Vienna; and the Berlin State Gazette mentions the arrival of the Duke of Bordeaux at Berlin on the 7th, and his immediate departure to Austria by Frankfort on the Oder .-On the 8th, Charles X. and the Duke of Augouleine also passed through Berlin. Baron Damas, commissioned by King Charles X. to make preparations for his reception and abode, has arrived at Vienna, from London, and will go to Austerliz in Moravia, to inspect the pa-lace in that place.

In the Cassel Advertiser of Oct. 6. there are many announcements of the sale of mills, lands, &c. belonging to persons who intend to emigrate, in the spring, to North America.

PORTUGAL.
From the London Courier. Oct. 16. Colonel Bacon (son-in-law to the Earl of Oxford,) who holds a distinguished command in the army of Donna Maria, has arrived from Oporto for the purpose of purchasing cavalry horses and warlike stores for the Constitutional forces. The gallant officer is indefatigable in his exertions to raise a regiment of caralry.—A steam vessel left the river on Saturday afternoon, (Oct. 18th) with three hundred fine young men, several officers and a quantity of guns, shot, small arms, and other fores, destined for the service of Don Perdro at Oporto. Our countrymen appeared for at Oporto. Our countrymen appeared for the rightful Queen of Portugal, and the army set out to-day for Louvain. General Charles Doyle attended in full uniform. Letters from Alexandria, dated the 20th of August, state that a naval action took place near Cyprus and Rhouses in the middle of August, between the Ticks and the Egyptians, in which the Turks here defeated, with the loss of one ship the line, a frigate, two corvettes, and three brigs.

RUSSIA.

I.etters from St. Petersburgh give details of the state of trade between the southern ports of Russia and Egypt, which may be interesting in the present situation of the latter country. During the last year, 35 Russian vessels entered the port of Alexandria, and one that of Damietta. Of these, five were in ballast, and the remainder freighted with merchandize worth 694,190 rubles (a-bout £36,600). Fourteen Russian vessels left Alexandria in Ballast, and 20 cargoes with 567,420 roubles, (about £30,735) bound for the Levant or ports in the Mediterranean. The value of Russian produce imported into Egypt during the year was 161,110 roubles, (about £8,725.)

LATEST FROM EUROPE. By the packet ship Rhone, at New York, Havre and Paris papers to the 20th Oct have been received. We copy chiefly from the Commercial Advertiser and American.

Captain Hathaway informs the editors of the Journal of Commerce that it was stated just before he sailed, that the French troops had commenced entering Belgium, and that Marshal Soult had said he would lay the keys of the Citauel of Antwerp on the table of the Chamber of Deputies, by the 18th of Romanda Commenced in the Chamber of Deputies, by the 18th of Romanda Chamber of Deputies of Chamber of Deputies of Chamber of Cha vember.

Marshal Soult is said to have issued orders. the object of which is to have a greater num ber of active troops in Paris. To this end. says the Constitutionnel, the corps composing the garrison in the neighbourhood of the Capital, are to send into it battalions formed of the most disciplined men, and those most capable of active service, with the staffs of the regiments and their bands of music. The depot of the corps, the magazines, and the skeletons of the companies thus reduced, will remain in their present quarters, where they will receive the convalescents who may be discharged from the hospitals, and the recruits destined to replace such of the men as will be discharged on December 31, in pur-suance of the Law of Recruitment.
